Switchblade will be making an announcement in the ADV/Sentai Filmworks panel. It's still unknown if ADV/Sentai Filmworks will or not. Should be an interesting weekend for that alone.

Yeah, I can't wait. More Sentai and Switchblade announcements Galore!

BTW, I'm taking a two week break from mania(don't worry I'm not banned this time) It's just that the mods are giving me alot of drama especially the ones who keep trying to convince themselves to believe the wrong people about ADV the ones who don't know and didn't speak to Matt Greenfield. Thankfully Prede,MK2000 and Zen listened to me and did PM in which I told them what I heard at Kamikazecon two weeks ago.

Here stuff I came across on ACEN:

ADV Stuff:

<http://www.japanator.com/elephant/post.phtml?pk=9878>

Funi stuff:

<http://www.japanator.com/elephant/post.phtml?pk=9879#ext>

Looks like Funi believes they're Mr. Mongtgomery Burns -
"I'm indestructable...indestructable."

And ADV...hmmm, I...don't...know...?

ADV is being realistic while Funimation is being really either blind or just plain cocky. Funimation has the most to lose if the retail chains stop carrying their stuff. Best Buy supposedly is not carrying over 50% of Funimations June titles in stores. ADV wise more Saint Seiya is good news so everyone should go buy the box sets. Yes Slowhand even you.:P Anime Network focus is also always good. Maybe since Bandai lost its VOD in they can make a deal.

I know their BLU-RAY thought is not going to get through some peoples heads but its also a realistic way of thinking.

OOOHHH!!! OOOHHHH!!!

Fred Perry is going to be there!
I always wanted some of his artwork. he is fantastic. Be sure to visit his booth. Buy something. If you can get him to send me some original art, or his e-mail, I will be your slave

Reading those descriptions, Funi comes off as Vegeta(we are immortal, we can't lose, thank you Dragon Balls) and ADV comes off as early Simoun(we can't do it alone, we fail, maybe in the future) with Sojitz having been Kamina, making Sentai, Nia.

Sorry I just watched Gurren Lagann.
