Present and accounted for.

Yeah i got this list off of FGK's myspace page I was going through my friends list for some people form TAN and ran across it. Unfortunately FGK has dropped off the face off the internet but that's what happens with internet folks. Makes me think that forumites are like 80's rock stars live fast party hard then they just kind of go.....

Allow me to stick my toe in:

Pretear, Alitadark, Jackitsu, Haissan, Babytank, CSM, D14, Drifter, Fullmetalsouske, idabosoldier, 8devil have on been on these new boards.

Goldenboy is now Sugarman.
Trooper is now Trooper Reborn.
KazumaNexus is now Akajin Akechi

There might be a few others with new names that I don't know about...
And I remember that just before the old board went down, Killa said that he would be without internet for an indefinite time.

It's missing a few names, lemme think:

Hentai, Wolfo, shakujou, halo_ultra, Fungirl, , outlander, sanitosan247, Sano

My 15-year-old days were full of TAN.

I miss Alitadark, she's never online anymore.

Re:Old School TAN crew

Posted by Flowering - 2009/07/28 10:21

Weren't they for us all hentai. Yeah I'm sure quite a few names are missing from that list we just had so many members back then. But we are going to make the best of it this time around.

My goodness speaking about times people thought someone was a girl I remember how difficult it was to convince people i was a guy. Although my favorite reason why you guys thought i was a girl was because I spelled words correctly and wrote in sentences.

Back on the original forums (the ones before the previous VB forums, people thought I was a girl cause of my avatar and purple font. Rofl...

Re:Old School TAN crew

Posted by Flowering - 2009/07/28 16:38

Yeah that might have been another reason people thought i was a girl. I think I joined the original forums about a few months before the vbforum opened.

Ha! She was cool, though I remember somehow getting on her and kmw's bad side right before the forum switched over. I was a bit of a manipulative ass back then, which is probably what landed me my mod position in the first place. :silly:

KMW was the one that always talked with her that you were referring to, he was mentioned in the first post. xD
Yeah, kmw12, right?
