You all should order something. Spend a little bit of money on some stuff with blood.

Give it to your Special someone as nothing says love quite like blood.

Haha. I do want to buy stuff, but since I just dropped about \$100 there in the last month, it's going to be a while before I buy anything.

Wasn't going to but couldn't pass on the chance to use to order some stuff coming like To Love Ru collection 2 or Gintama Collection 1. Also stuff out already like Skull Man. Threw in two Switchblade movies to finish it out as I been wanting to try what is coming out from them.

Right Stuf has an amazing ability to know exactly when I won't have money, and then they schedule a Section 23 sale.. :P But I guess I can scrape a little together. I might cancel some of my preorders and replace them with the sale prices.

And I think I will have to pick up another Switchblade movie or two....

You already have everything though, no? ;) You pretty much are one of the leading buyers as soon as Sentai puts out a solicitation.

Well, I still need to pick up Dokkoida and maybe Popotan. And like I said, there are a couple Swithblade titles I've been wanting, and there are still some older ADV titles I need to pick up.
